

CX80 RC 70

Anaerobic adhesive for securing metal threaded joints with very high bonding strength. Remains liquid until isolated from oxygen in the presence of metal ions.

PROPERTIES:

- high strength
- protection against corrosion
- resistance to vibration
- increasing pressure and slip for easy installation
- resistance to oiling
- initial binding to 15 minutes
- full strength after 24 hours
- resistant to temperatures from -55°C to +150°C

APPLICATION:

- permanent locking of nuts and bolts
- sealing
- securing threads against loosening during vibration
- recommended for small thread (the thread diameter up to M20)
