

# ih INTERPUMP

WIND POWER APPLICATION

HIGH PERFORMING WIRE BRAIDED HOSES

ih INTERPUMP —|| KAIZEN

ih INTERPUMP —|| HIPAC

ih INTERPUMP —|| MARATHON >>>

**I.M.M.**<sup>®</sup>  
HYDRAULICS

# INTERPUMP

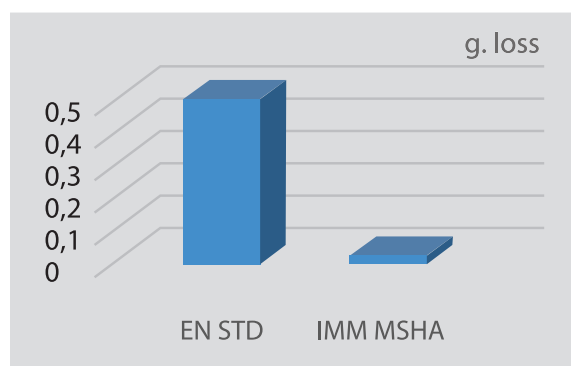

## WIND POWER APPLICATION

### Key Features:

#### Performing Cover:

Ozone resistance: 720hrs @ 50 pphm and 40°C according to ISO 7326

Abrasion resistance: 0,02 g. loss according to ISO 6945 (F= 25N / 2000 cycle)

### Working Pressure Exceeding the International Std.

#### Reliability in dynamic conditions:

Tested up to 1.000.000 of impulse cycles according to ISO 6803

#### Flexibility:

Lower weight – Small Bending Radius – Easy Installation

**The IMM Superior Hose Range is designed and manufactured in order to ensure safety and long life on fields.**
